EDUCATION

Clemson University

August 2023 – May 2025

Master of Science in Computer Science

Clemson, SC

*Coursework: Deep Learning, Data Science, Software Engineering
Databases, HCI, Algorithms, Cyber Security*

Institute of Chemistry Ceylon

2016 – 2020

Bachelor of Science in Chemistry

Colombo, Sri Lanka

Coursework: Physical Chemistry, Organic Chemistry, Analytical Chemistry

RESEARCH EXPERIENCE

Research Assistant

August 2025 – Present

Human-AI Empowerment (HAIE) Lab, Clemson University

Clemson, SC

- Fine-tuning a multi-task Bert and RoBERTa NLP models for thematic analysis of AI-focused communities of practice.
- Designed a dual-head architecture model for Category and Subcategory classification by achieved 66% accuracy.

Graduate Research Assistant

August 2023 – May 2024

Human-AI Empowerment (HAIE) Lab, Clemson University

Clemson, SC

- Conducted human AI interaction research projects that led to four peer-reviewed publications at ACM MexIHC and CHIWORK 2024
- Mentored undergraduate students and collaborate with in research methods, data analysis, and experimental design within the Human-AI Empowerment Lab

TEACHING EXPERIENCE

DataVisualization Teaching Assistant

May 2024 – May 2025

Data Visualization Lab, Clemson University Libraries

Clemson, SC

- Teaching students and staff in learning data visualization techniques through workshops and mentorship
- Organize workshop sessions on tools such as Python, Power BI, Tableau and helping participants build effective dashboards

PRESENTATIONS	<ol style="list-style-type: none"> 1. Assessing the Task Management Capabilities of LLM-Powered Agents, Poster, CHIWORK 2024, Newcastle, UK. 2. Exploring AI-Enhanced Multi-Screen Interaction in Extended Reality Workspaces, Poster, CHIWORK 2024, Newcastle, UK. 	
VOLUNTEER EXPERIENCE	Data Analyst <i>Better Future Institute</i>	Feb 2024 – May 2024 San Antonio, TX
	<ul style="list-style-type: none"> • Conducted analysis of City of San Antonio data to evaluate the correlation between civic engagement and sustainability outcomes. • Designed and developed an integrated data visualization dashboard using Python (Matplotlib, NumPy, Pandas, Seaborn). 	
	Research Assistant <i>School of Computing, Clemson University</i>	September 2023 – August 2024 Clemson, SC
	<ul style="list-style-type: none"> • Designed and maintained the HAIE Clemson Laboratory Website, ensuring an up-to-date and user-friendly online presence. • Installed and maintained Linux and Windows systems on laboratory machines, ensuring optimal performance for research activities.
